

User stories

As a young adult, I want to go to the gym more and have accountability, so that I can be healthier

What ways will this app hold me accountable?

App will post embarrassing photo of user if goal not met

As an athlete, I want to track my progress and see what milestones my friends are hitting to make sure I am keeping up with my goals.

What ways can you see self/friends progress?

A feed will show users if goals are being met, or photos if failed

As a student, I want to stay ahead of my courses instead of procrastinating, so that I stop having to cram at the last minute and get bad grades.

Do I need to set up a profile?

A user can register for an account, log in, and log out.

As an Admin, I want to make sure the platform is safe so that users don't break the rules.

How can admins oversee potentially inappropriate images?

Admins can view all reported content and remove an image, if deemed inappropriate or not contributing to goal
